

Take Home Care Instructions For Ear Hematomas

1. Sutures need to be removed in 10-14 days unless otherwise noted.
2. Keep area dry and clean.
3. No bathing or swimming until sutures are removed.
4. Prohibit excessive head shaking or scratching for at least 7 days. This will help prevent extreme bleeding or discharge.
5. Please keep Elizabethan Collar on for at least 7 days.
6. Please keep dogs on a leash when outside.
7. If you have any questions or concerns, please give our office a call at (717)264-2615
8. Spot bleeding is normal for the first 24-48 hours.
